

ON-THE-JOB TRAINING PROGRAM

HAVE YOU EVER DREAMED OF:

- ◆ Working outside in a physically demanding job?
- ◆ Being a heavy equipment operator?
- ◆ Being part of a team on a construction project?
- ◆ Earning a livable wage and the chance to earn overtime pay?
- ◆ Starting a new career or advancing in your current one?

IF SO, WE MAY HAVE THE PERFECT JOB OPPORTUNITY FOR YOU!

WHAT IS THE OJT PROGRAM?

The OJT Program offers opportunities for **WOMEN AND MINORITY MALES** to be trained for careers in the construction trades.

We want to diversify the workforce, provide meaningful training through hard work and good work ethics, and help you either advance in your current career or find a new career path. A typical On-The-Job Training placement is 520 hours, but the goal is for you to become a permanent, valued member of the contractor's workforce. Keep in mind, this is not a summer employment program; it's a career!

WORKING TOGETHER TO MAKE IT HAPPEN

TO GET STARTED:

- Complete and submit an OJT PROGRAM APPLICATION (available on line or by calling the number below).
- Participate in an OJT Assessment – which is a one-on-one meeting with the OJT Program Manager.

JOB PLACEMENT:

- We work with you to locate a project that interests you and is within a reasonable commuting distance.**
- You complete a job application and interview with the prime contractor on the project.
- If hired as an OJT, there is a two-week probationary period. After this time, the OJT Project Manager will come to the job site to do an on-site OJT orientation and enrollment.

****PLEASE NOTE:** We only refer applicants in whom we have confidence that they are appropriate for the program. We don't believe in placing individuals on projects simply because they are the right gender or ethnicity.

SUPPORTIVE SERVICES INCLUDE:

- Clothing, boots, and tools (if needed) for the job;
- Periodic site visits and check-in phone calls from the OJT Program Manager;
- Individual case management; and
- Funding of other training opportunities.
