RECENT NEWS & UPDATES

Plate Visibility Issues - Is your license plate faded to the point that impairs identification? Is your Registration Validation Sticker not properly placed or missing? Is a license plate frame covering any part of the Registration Validation Sticker or the words "Vermont" and/or "Green Mountain State" on the plate?

If you answered "yes" to any of the questions above, **YOU NEED TO TAKE ACTION**. Any of these situations could result in a fine.

VERMONT LOW EMISSION VEHICLE (LEV) PROGRAM

All new motor vehicles up to 14,000 pounds Gross Vehicle Weight Rating (GVWR) must be California certified in order to be sold and registered in the state of Vermont.

New motor vehicles not certified as California, or 50-state, vehicles cannot be registered in the state of Vermont. LEV Regulations consider any vehicle with less than 7,500 miles on the odometer to be a new vehicle.

Two quick ways to determine if your vehicle qualifies:

1. The Manufacturer Certificate of Origin (MCO) must indicate "Certified for sale in 50 States" or "Certified for sale in California".
2. The label under the hood in the engine compartment must indicate "California certified", EPA 50-State or California-Only vehicle.

"50-State Vehicle: This vehicle conforms to U.S. EPA and California regulations applicable to (the vehicle model year) model-year new motor vehicles."

"California-Only Vehicle: This vehicle conforms to U.S. EPA and California regulations applicable to (the vehicle model year) model-year new motor vehicles introduced into commerce only for sale in California."

Emission statements that **DO NOT** comply:

- This vehicle meets/satisfies Federal emission standards
- This vehicle is certified / legal for sale in 49 states
- This vehicle is certified / legal for sale in 45-states
- No statement

VERMONT TITLES

Vermont titles only vehicles that are 15 years old or newer based on calendar year. From 1/1/2016 – 12/31/2016 Vermont will title all vehicles with model year 2002 or newer. All Titles (except ATV) = \$35.00, ATV Titles = \$22.00. Lien fee = \$11.00.

The State of Vermont does not issue titles for the following:

- Trailers with empty weight of 1,500 lbs or less
- Motorcycles with engine size smaller than 300 cc's.
- ATV's whose model year is prior to 2004, or customer resides in a non-titling state.
- Motor-driven cycle
- Tractors with a loaded weight of 6,099 lbs. or less
- Road making appliances (call the Montpelier office for details)

SUPPORTING DOCUMENTS REQUIRED FOR A VERMONT REGISTRATION & TITLE

New Vehicles:

- Manufacturer's Certificate of Origin properly assigned.
- If vehicle was manufactured in Canada, a New Vehicle Information Statement is required.
- Bill of Sale is required for Purchase & Use Tax purposes.
- Odometer Disclosure Statement required if vehicle is 9 years old or newer, use form TA-VT-05 or have buyer and seller both sign the back of the title.

Used Vehicles which have been titled:

- Original previous Certificate of Title assigned to you by all parties on the title and bills of sale as necessary to show complete chain of ownership. All liens must be released.
- Death Certificate and/or probate papers are required when one or more previous owners are deceased.
- Odometer Disclosure Statement required if vehicle is 9 years old or newer, use form TA-VT-05 or have buyer and seller both sign the back of the title.
- If registered out of state to the applicant section 7 needs to be completed.

- If registered out of state to the applicant proof of tax paid is required, or tax on NADA value will be collected at the time of registration.

Used Vehicles which have not been titled, and are not required to be titled:

- Bill of sale must contain sufficient information to identify the vehicle including Make, Year, VIN, Purchase Price, Mileage, Signature of Seller and Date of Sale

Used Vehicles which have not been titled, but are required to be titled in Vermont:

- Original or certified copy of the last registration certificate and all bills of sale thereafter. Bill of Sale must contain sufficient information to identify the vehicle including Make, Year, VIN, Purchase Price, Mileage, Signature of Seller and Date of Sale.
- Odometer Disclosure Statement required if vehicle is 9 years old or newer, use form TA-VT-05 or have buyer and seller both sign the back of the title.

MISCELLANEOUS TAX INFORMATION

- Purchase and Use Tax is due at the time of registration and/or title at the rate of 6% of the purchase price or the N.A.D.A. value, whichever is higher; minus the value of any trade-in vehicle or any other allowable credit. The minimum value for a vehicle is set at \$500.00 (\$200.00 for trailers).
- If you believe that the vehicle's value is less than NADA book value, submit a Vermont Dealer Appraisal Form. If submitting a dealer appraisal after registration, it must be received within 30 days of the registered date to be considered for a refund. DMV does not accept any values determined by online research.
- If claiming tax credit for a vehicle registered out-of-state to you or your spouse, send a copy of the Registration Certificate. You must submit documentation of the amount of tax paid, and credit will be given, even though the Purchase & Use or Sales Tax was paid to another jurisdiction. If the amount paid is equal to or more than the 6% VT Tax rate, no additional tax will be due. If you don't have proof of tax paid, you may claim a tax credit by submitting proof the vehicle being registered was registered to you for a period of 3 years or more in a jurisdiction that imposes a state sales or use tax on vehicles. A tax credit may be applied towards the tax due at the time of purchase for a vehicle sold within 3 months of the purchase date of the vehicle currently being registered. A tax refund may be applied for when a vehicle is sold within 3 months after the purchase date of the vehicle you're registering. Use form VD-115 to request the refund.
- Autos, SUV's, Antique, Exhibit, Motor Home or Motorcycle 6% of net taxable cost (no max tax). Trucks & Off-Highway Tractors registered at the 10,099 lb. weight class or less, 6% of net taxable cost (no max tax). Trucks & Off-Highway Tractors registered OVER the 10,099 weight class or more, and trailers: 6% of net taxable cost - \$2,075 maximum tax.
- Some examples of vehicles exempt from tax: A vehicle owned or leased by a religious or charitable institution, a vehicle transferred to the spouse, mother, father, grandparent or child/grandchild of the donor, a vehicle equipped with altered controls and owned and operated or titled by a permanently disabled person.

JITNEY AND MOTOR BUS FEE CALCULATION

The following vehicles are not registered as Jitneys: School buses used exclusively to transport children, Van pools and Hotel shuttle vans which provide transportation to guests at no fee. The following calculation and fees must be used when registering jitney/buses with 8 or more passengers, including the driver.

- ▶ All gasoline powered buses with 8 or more passengers are assessed fees at the \$2.00 rate.
- ▶ Diesel powered jitney/buses with 20 or fewer passengers are assessed fees at the \$2.00 rate.
- ▶ Diesel powered jitney/buses with more than 20 passengers are assessed fees at the \$3.50 rate.
- ▶ All other fuels with 8 or more passengers are assessed fees at the \$3.50 rate.
