120 State Street
Montpelier, Vermont 05603-0001
802.828.2000
Toll Free: 888-99-VERMONT
TTD: 711

TO APPLICANT:

Because you have applied for a registration and Vehicle Identification Number (VIN) for a homebuilt trailer, it must first undergo a Vermont State Safety Inspection to ensure it has been properly and safely constructed for highway use. You must present this form to a licensed Vermont Inspection Station, along with your temporary registration. A safety inspection must be conducted. A licensed Vermont Inspection Mechanic must certify your trailer has met all requirements as outlined in the Vermont Periodic Inspection Manual and they will verify your VIN number has been affixed accordingly. It is not a requirement a Vermont Inspection Mechanic attach your VIN number to your trailer. Upon successful completion of your inspection and VIN attachment verification, please return this form to the department and your registration will be finalized; you will then be issued a metal plate for your trailer. It is your responsibility to return this form to Vermont DMV either via mail or in person at 120 State Street – Montpelier, Vermont 05603.

TO VERMONT INSPECTION MECHANIC / STATION:

The individual who has presented you with this form has applied for a Vermont registration and Vehicle Identification Number (VIN) for a homebuilt trailer being registered for the first time in Vermont. The applicant has been issued a temporary registration and VIN to be affixed to their trailer. Prior to their registration being finalized, the trailer must undergo a Vermont State Safety Inspection to ensure it is safe for highway use. You must also ensure the VIN has been affixed in the proper location. Please fill out the information on page two of form.
